This Amendment and Response to Restriction Requirement is submitted in response to the Office Action mailed on September 29, 2006 for the above-identified application. The shortened statutory deadline for response to the instant Office Action was October 29, 2006. Applicant requests a two-month extension of time from October 29, 2006 to and including December 29, 2006. Therefore, Applicant respectfully submits that the filing of this response December 19, 2006 is timely.

In addition, the selection of a single disclosed species is required. Applicant elects the species where the t-bracketed structure-linker moiety of claim 1 has the structure 127 shown in Figure 34.

Applicant explicitly reserves the right to apply for rejoinder of method claims 48-58. Applicant understands these method claims will be withdrawn from consideration until a compound claim is found allowable, at which time method claims commensurate in scope with
